ITC Holdings Corp. (NYSE: ITC) is the nation's largest independent electric transmission company. Based in Novi, Michigan, ITC invests in the electric transmission grid to improve reliability, expand access to markets, lower the overall cost of delivered energy and allow new generating resources to interconnect to its transmission systems. ITC owns and operates high-voltage transmission facilities in Michigan, Iowa, Minnesota, Illinois, Missouri, Kansas and Oklahoma, serving a combined peak load exceeding 26,000 megawatts along 15,000 circuit miles of transmission line.

ITC's Environmental Commitment:

We will safely, effectively and responsibly manage properties, materials, emissions and wastes in ways that are both responsible and environmentally sound through appropriate due diligence. We strive to:

- Purchase and use environmentally preferable materials, products and services
- Eliminate or reduce emissions and wastes at the source
- Properly store, handle and dispose of all wastes
- Pursue opportunities to recycle and reuse waste materials
- Communicate ITC's sustainability measures and pollution prevention technology, knowledge and methods with business partners and the public
- Encourage responsible use of energy
